Please give your honest answer of how you would handle the following scenarios.

Scenario 1: Two of your Rascal girl campers have decided it is their mission to taunt another female camper in their group because she does not fit in. This camper isn't your favorite either, but your counselor is busy running an activity and asked you to handle the situation. What do you do?

Scenario 2: You are placed with the Media Camp and have been asked to take a few campers out on your own to interview some staff for the article that is being written. While you are wandering around camp, a camper with a bee allergy gets stung. What do you do?

Scenario 3: You have a camper who is very excited about swimming, but refuses to participate in all other activities. He says that he "only came here to swim." The others in your group try to encourage him to join them in activities like Archery and Salamander Hunting, but he refuses. How do you handle this situation?
